Your workspace re-imagined

The Collaborate 3, 5, & 7 AV Furniture Range

In a world where work keeps changing, choose a collaboration solution that can evolve with your requirements.

Seamless collaboration either in-person or remotely.

- Available as a 3, 5, or 7 seated space
- Integrated Sharp Digital Signage display
- Double power socket on the table front leg
- Compatible cables run from screen to cable cubby
- Two built-in 10W speakers

The workplace is constantly evolving, and we need to be ready to evolve and move with it. Employees now desire a blend of home and office working to fit in with their busy lives and improve their work-life balance.

Our collaborate range has been specifically designed to meet the changing demands of your people. Available as a 3, 5, or 7 seated space, the size of the table can be selected to address the requirements of your teams and your spaces, providing the flexibility to work independently or collaborate together, as a group.

Complete with a Sharp digital signage screen, and with a variety of video conferencing cameras, wireless connectivity, media players and audio equipment to choose from, your people can collaborate either physically at the table or remotely via video conferencing technology. Simply plug-in or connect with wireless and go – it's that easy.
