SHARP / NEC

The Multi-talented Display

Class-leading performance and value for meeting rooms and signage applications, commanding feature-rich professional capabilities.

Powerful System-on-Chip Prioritises Security and Flexibility

An integrated system-on-chip platform supports high-end media playback via USB or internal storage, alongside the ability to install Android Apps. The Android 13 CTS-compliant Operating System, purpose designed for Enterprise users, brings the most up to date features and security protocols. Alongside high compatibility with workplace and content management systems, the multi-purpose ME Series is perfect for cost sensitive signage applications as well as integration into corporate IT systems for meeting room applications.

The OSD has been re-imagined bringing new and legacy functionality into an appealingly aesthetic user-centered design.

Robust yet Sleek Quality Build

An all metal chassis evidences the quality behind the brand guaranteeing the rugged resilience demanded in commercial environments. Discreet integrated carry handles ensure installation is smooth and risk-free.

The metal construction also supports natural heat dissipation, whilst internal temperatures are monitored in real time via an integrated thermal sensor, upholding safety and longevity.

The new ME Series is up to 33% lighter than previous models without compromising reliability, whilst the narrow bezel design ensures all attention is on the all-important content, whether presented in portrait or landscape orientation.

Class-leading Visual Quality

By supporting native 3840 x 2160 resolution with full HDR compatibility across the entire ME Series, content is presented in vivid reality-like quality. A professional high haze panel delivers best-in-class visibility even in high ambient light conditions, eliminating annoying reflections and glare from windows or other light sources.

Optimised for Conferencing

Native USB-C connectivity, quick input detection and WiFi capabilities* appeal to Enterprise users for Bring Your Own Device workflows, safeguarding inclusion and boosting productivity with a single cable connection between notebook and display.

Connect collaboration devices such as soundbars, microphones and camera systems via the integrated USB hub to configure the perfect meeting room set up, free from cable clutter.

**requires optional wireless dongle, available separately*

Home Screen Launcher

Enjoy easy access to key Apps and settings, instantly available on start-up. Integrated web browser functionality can be used for internet access and streaming, and File Explorer can be used for navigating through internal or external storage drives. The integrated Media Player gives you access to load files to internal storage or play via USB, while content can be scheduled and playlists can be built as required.

Centred IR Receiver

The IR receiver is located behind the panel allowing protective overlays or touch capability to be optionally integrated without impacting remote control functionality.

Control Protocol Support

Featuring Protocol Support, should any legacy NEC or Sharp products need replacing, the new ME Display can be seamlessly integrated into an existing infrastructure. Benefit from protocol support as needed across any application.

Remote Management

Take advantage of free asset management software, NaViSet Administrator 2, to centrally manage your entire estate of NEC Displays and Windows computers. Reduce operating costs and optimise resources through task management, reporting and on-demand control functionality with the convenience of an all-in-one remote support solution.

Input Detect Functionality

The ME Series display responds immediately when a source is connected, automatically switching between inputs, eliminating potential connectivity frustration in the meeting room.

First Detect

Prioritising up to three inputs ensures that signage content is always visible should the primary source fail.

Typical Display

ME Series

Integrated Media Player

Primed for instant stand-alone signage deployments, build playlists and schedule content using the integrated media player.

Specifications

	ME432	ME502	ME552	ME652	
LCD	Panel Technology	IPS	VA	IPS	IPS
	Size	43"	50"	55"	65"
	Native Resolution	3840 x 2160			
	Brightness	400 cd/m ²		450 cd/m ²	
	Contrast Ratio (Typical)	1200:1	5000:1	1200:1	
	Viewing Angle	178° Vert., 178° Hor. (89U/89D/89L/89R) @ CR=10			
	Aspect Ratio	16:9			
	Displayable Colors	Over 1.07 Billion (8 bit + FRC)			
	Orientation	Landscape and Portrait (CW Rotation)			
	Panel Haze (%)	25 (Professional)			
CONNECTIVITY (Terminals)	Input	Video	HDMI 2.0 x3, USB-C x1 (DP-Alt Mode Supported)		
		Audio	1x USB-C; 3 x HDMI		
		External Control	LAN (1000Mbit), 3.5mm Mini Jack IR Remote, RS-232C		
	Output	Data	USB 3.0 x1 (5V/0.9A, Downstream), USB 2.0 x1 (5V/0.5A, Downstream), USB 3.0 x1 (Downstream for USB-C), USB-C x1 (Upstream)		
POWER CONSUMPTION	Audio	3.5mm Mini Jack, SPDIF Optical			
	On (Typ)/Max Brightness/All Max	90W/110W/175W	85W/105W/170W	120W/150W/220W	140W/175W/240W
	Network Standby	2W			
	Normal Standby	<0.5W			
	Current Rating	2.2A - 0.9A @ 100V - 240V	2.0 - 0.8A @ 100V - 240V	2.6 - 1.1A @ 100V - 240V	3.1 - 1.3A @ 100V - 240V
PHYSICAL SPECIFICATIONS	Speaker Rating	Integrated 10W x 10W, Optional through SP-RM3a			
	Bezel Width (L/R, T/B)	9.9mm/9.9mm/9.9mm/9.9mm		15.9mm/15.9mm/15.9mm/15.9mm	
	Net Dimensions (Without stand; W x H x D)	964.6 x 552.5 x 62.0mm	1118.6 x 639.2 x 62.0mm	1233.0 x 703.5 x 62.0mm	1463.3 x 838.3 x 68.0mm
	Net Weight	9.4kg	11.7kg	13.2kg	23.9kg
INTERNAL PLAYER	VESA Hole Configuration	4x M6 x 14mm (200 x 200)	4x M6 x 14mm (400 x 400)		4x M8 x 14mm (600 x 400)
	Operating System	Android 13			
	Processor	ARM Cortex-A55 1.5GHz Quad Core CPU			
	Storage	32GB ROM (Total Capacity of Storage including OS)			
SENSORS	Memory	4GB			
	Ambient Light Sensor	Integrated			
	Human Sensor	Optional (KT-RC3)			
ENVIRONMENTAL CONDITIONS	Temperature Sensor	Integrated			
	Operating Temperature	0° - 40° C			
	Operating Humidity	20-80%			
SHIPS WITH	Operating Altitude	5,000m			
		3m AC Power Cord, 2.0m HDMI Cable, IR Remote Control, Batteries, AAA batteries			
Optional Speakers	SP-RM3a				
Optional Stand	ST-43M		ST-65M		
Other Accessories	Human Sensor (KT-RC3), WiFi dongle				
ADDITIONAL FEATURES	AMX Support, Automated Email Alert Function, CEC Support through all HDMI Connections, ARC through HDMI1, Display Browser Control, Display Wall Calibrator Compatible, HDR Compatible (PQ, HLG, HDR10), Updated OSD Design, MediaPlayer for Android, Naviset Administrator 2 Compatible, Screen Rotation for Portrait (Home only), Powered USB Ports (5V/3A x1, 5V/2A x2, 5V/0.5A x1), Real Time Clock, Full Scheduler, Quick Start, TileMatrix (5x5), Cisco Webex Compatible (Running Change), Crestron Connected V2 (Running Change), SNMP (Running Change), Integrated Temperature sensor, Full Input Detect Functionality (First, Last, Custom), Integrated Ambient Light Sensor, Programmable Gamma, Color Temperature Adjustment (2600K - 10000K), Energy Star 8.0, Vacation Switch				

Sizes

Tabletop Stand

- ST-43M (ME432/ME502/ME552)
- ST-65M (ME652)

*Left Side

Wall Mount

- PDW S 32-65 L
- PDW S 32-65 P
- PDW T XL-2
- L20PNWALL90EU

Input Panels

- 1 Optical Audio Out (SPDIF)/LAN (1000MB)
- 2 RS-232C
- 3 Audio Mini-Jack Out
- 4 IR Remote In (Mini-Jack)
- 5 USB 2.0
- 6 USB 3.0
- 8 HDMI 1 (ARC) In
- 9 HDMI 2 In
- 10 HDMI 3 In
- 11 USB 3.0
- 12 USB-C Port (5V/3A)
- 13 Optional slot for WiFi Receiver
