This is Why

- ▸ COMBINED KEYBOARD TOUCH POS TERMINAL
- ▸ COMPACT DESIGN
- ▸ USER FRIENDLY TFT COLOUR TOUCH DISPLAY
- ▸ 16 CM COLOUR TOUCH SCREEN
- ▸ CUSTOMISABLE FLAT KEYBOARD
- ▸ SOPHISTICATED GUEST TABLE TRACKING
- ▸ CONDIMENT FUNCTION FOR GUEST MENU ARRANGEMENT
- ▸ ETHERNET LAN NETWORK SYSTEM

The UP-800F is a flexible solution combining reliable hardware and brilliant display with powerful built-in application software.
The combination of flat keyboard and touch screen results in an easy to use ergonomic and intuitive user interface.
This minimizes entry errors and allows rapid entry sequences.
Untrained personnel are guided via the touch screen through individual orders.
As a result costs are reduced by minimizing errors, enhanced productivity by fast operation and increase of customers satisfaction by shorter service time.
The UP-800F is developed to reflect the needs of the different hospitality and Fast Food businesses.
Many new features, such as "Customisable function menu keys", "PLU menu keys", "Happy Hour function by weekday" or "PLU information text" have been incorporated while sophisticated table management, different bill separation possibilities including bill recall functionality and cooking to guest-specific tastes are standard functions.
Detailed reports allow to compare product groups or to analyse clerk sales activities. System expansion requirements are supported by serial interfaces.
With the Ethernet LAN system all models of the UP-800 series can be integrated within one network.
The SD card usage supports wireless and therefore cost efficient storage of sales and Electronic journal data.
