

NEC Slot-In PC with Intel® Atom processor

ORDER CODE: 100012899

NEC Slot-In PC STv2

Slot-In PC - a complete PC solution, compatible with NEC Public Displays with STv2 or DualSlot and also NEC PX Series and PH Series installation projectors.

DELIVERING GENUINE BENEFITS

- 1.6Ghz processor with integrated Intel graphics
- All connectors are inside the displays including power, video & audio signals and RS232. No cables!
- Slot-In PC can run while display is switched off for e.g. nightly updates
- Long product life cycles enable homogeneous installations even for long lasting roll outs.
- Compatible with NEC / Intel OPS standard for option slot products
