SMALL BUSINESS > BIG IMPRESSION

THE COMPLETE DYNAMIC DIGITAL SIGNAGE SOLUTION

MAKING SIGNAGE PAY

A carefully placed signage point can turn a stylish foyer into a real eye-catcher with content likely to be 5 times as noticed as traditional graphics

SIMPLE ON-SITE SET UP
AND MANAGEMENT VIA
LOCALLY CONNECTED PC

The Ideal Small Business Digital Signage Solution

Simple, Affordable, Powerful and Supported by NEC

Installing high quality Digital Signage has never been this simple. Buy any NEC MultiSync 15 Series Large Format Display and get all you need to run stunning dynamic content out of the box, with this fully inclusive bundle and all backed by an NEC Manufacturer Warranty and Support line.

Getting started is simple, playlists can be set up with a few mouse clicks. It's ideal for inexperienced users and all common playback formats are supported, together with an on-screen ticker feature and access to free or bespoke templates via an online connection.

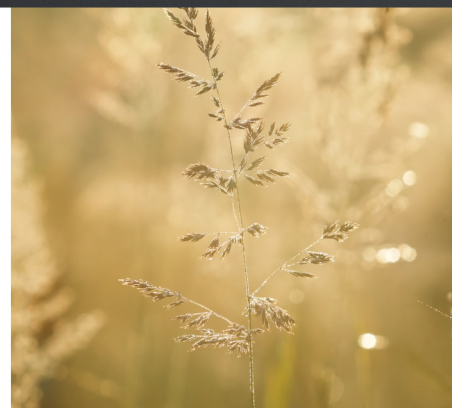

EDIT YOUR CONTENT AND
DISTRIBUTE AT SCHEDULED
PRESET TIMES

AFFORDABLE AND FLEXIBLE

This package offers a great price performance ratio with no more to pay than the cost of the standard LCD.

Choose from our 32", 42" and 46" models for the ideal format to make the most of your installation. Up to three displays can be fed with content from a single Editor via a LAN connection.

Just A Few Clicks Away

A simple interface means you're up and running in seconds

With the NEC Digital Signage Suite whether you want to create a playback loop of video or images, set up an information update ticker tape or start with the supplied templates it can all be achieved quickly and with the minimum of navigation.

Once you have created your play requirements in editor mode, you can send your output to up to 3 connected displays using the same or alternating content.

In any case, we have an on-line support desk ready to provide any help you may need.
